Co-ordinating CommitteeExport of Electronic Equipment to PolandMemorandum by the United Kingdom Delegation

The United Kingdom Authorities have been asked to approve the export to Poland of electronic equipment as described below. These articles are covered by the definition of I.L. 1529(a) and their total value is \$613. The export of similar equipment has previously been agreed by the Committee: COCOM Documents 3344, 3565, 3569 and 3619 refer.

- (a) One Vacuum Tube Voltmeter, Type T.F.1041.B. and accessories consisting of 1 Co-axial connector and 1 A.C. Multiplier, total value \$315. This equipment is stated to be required for use by the ZAKLADY LAMP OSCYLOSKOWYCH, IWICZNA K/WARSZAWY for measurements during the production of Oscilloscope Valves. A full technical description of the instrument was given in COCOM Document No. 3569, paragraph 3.
- (b) Two R.F. Power Meters, Type T.F. 1152/1, total value \$298. These are stated to be required by ZAKLADY APARATOW TELEFONICZNYCH, LODZ for the purpose of testing telephone apparatus during production. A full technical description of this instrument was given in COCOM Document No. 3344.

Her Majesty's Government consider that these requirements are reasonable and wish to authorise the export under the special Polish exceptions procedure. The usual assurances against re-export will be obtained. They would be grateful for the views of Member Governments by October 5.

United Kingdom Delegation,  
Paris.
